Dear Car Enthusiast,

We hope this letter finds you well. We wanted to share some details with you about an event that we are hosting and ask for your support for a cause that is very close to our hearts.

You may recall from the last three years, our fellow Bethel Park graduate (1980) and classic car enthusiast, Gary Carmen, was the inspiration of our event due to his devastating diagnosis of incurable sarcoma cancer. This is a rare and aggressive form of cancer, with only 1 percent of adults and 20 percent of children facing such a diagnosis.

Gary was a true testament of strength and resilience during his battle, with a will to fight that was second to none. His wish in 2023 was to organize a car cruise to raise funds for St. Jude Children's Research Hospital, a place dedicated to finding cures and saving children's lives, as this cancer is most prevalent in children. With this event in the last three years, we have raised over \$30,000 for St. Jude's, with the help of family and friends and the support of people like you.

Even though Gary is no longer with us, his spirit always will be and we continue this tradition in his honor. This will be our third annual #Garystrong Memorial Car Cruise. Your participation contributes to the critical work of St. Jude's in advancing research and treatment options for children battling cancer. It also allows us to continue Gary's legacy. If you had a chance to visit with him at our first cruise, you know from the smile on his face during the entirety of the event, that it meant so much to him.

The event details are outlined on the front of this letter. Your support, whether through attending the event or contributing in any way you can, would be deeply appreciated. Please join us in supporting the vital work of St. Jude Children's Research Hospital.

If you have any questions or would like more information about the event, please feel free to contact info@highpointfitness.com. Thank you for considering our request, and we hope to see you at the car cruise to make a difference in the lives of children battling cancer.

Sincerely,

Highpoint Fitness
